Bus fares shouldn't be difficult, so we've made some changes to help make your journeys a little smarter.

As well as standard single and return tickets bought from the driver, this leaflet sets out our range of great value day, week and special tickets to get you around our network simply and efficiently.

With new and improved zones based on where you want to go, you can make use of a smarter network by grabbing one of our day, week or 30-day tickets which provide unlimited travel on our buses, with extra Flexi 5 or 20 options for people studying, working part time, or splitting home and office working.

If you're travelling on more than one bus operator in Hull, York or on the east coast, then make use of our flexible travel options. See the full list of options over the page...

Worry-free travel with bus subscriptions

If you travel regularly, sign up to our bus ticket subscriptions.

It's easy, convenient and saves you time! Simply get a 30 day subscription for a zone of your choice on our app, and never worry about new tickets again!

Zones based on how you travel

We've improved our zones to work better for you, with new coverage areas for **Bridlington Country, Driffield, Beverley, York Country** and **York City** to replace point-to-point weekly tickets.

We've also combined the **Hull** and **Hull Plus** zone to allow people to travel further with ease. For a full breakdown of zone prices, see over the page...
